4 Conceptual Personae of (Impossible) attention- notes on the attentional self The vertical and horizontal extension of attention and attentionality (Wehrle 2013) will be discussed. I will take another dimension into account: ATTENTION as a constitutive ground of the EMBODIED SELF. 17-19h 20/4/2015 Sala 3.1.06

5 Attention as a key concept to understand two reductionist shortcomings of aesthetic experience

III METAPHOROLOGY OF ATTENTION 27/4/2015 17-19h Sala 3.1.06

6 Metaphorological Variation of Attention 4/5/2015 17-19h Sala: 3.1.06

IV EPISTEMOLOGICAL ISSUES OF ATTENTION

11/5/2015 17-19h Sala: 3.1.06

8 The relation of Attention Abduction, diagrammatic reasoning and distractive abstraction

Can the Attention is seen hereby as well as a epistemic dynamic between focus and distraction, thus a distraction that abstracts: Becoming attentive seems impossible without a constitutive ABSTRACTIVE DISTRACTION.
